## SUMMARY

As a fresher, I am working on improving my skills professionally. I am committed to delivering results and strive for excellence while continuously seeking opportunities for improvement.

## PROJECT

- 01/2024 - 05/2024**  
Coimbatore, India
  - A web Application for visually impaired low vision people**
    - Eye-c**
      - Developed using Python.
      - EYE-C is a real-time object detection system developed with Python, OpenCV, and YOLOV5.
      - It assists users with low vision or blindness by providing a voice assistant and text-to-speech functionality.
- 08/2024**  
Coimbatore, India
  - Responsive Educational Website - Html Css Javascript**
    - Implemented a responsive educational website using HTML, CSS, and JavaScript, ensuring a user-friendly experience across various devices and enhancing accessibility to learning resources.
- 10/2024**  
Coimbatore, India
  - Responsive Furniture Decoration Website - HTML CSS Javascript Bootstrap**
    - Designed and implemented a multi-page furniture decoration website using HTML, CSS, JavaScript, and Bootstrap, highlighting modern design principles and enhancing user experience through interactive elements and a visually appealing layout.
